PROFESSIONAL OBJECTIVE

Motivated and detail-oriented Computer Science graduate with strong skills in front-end development, mobile app creation, and UI/UX design.
I am seeking a remote opportunity as a Front-end Developer, Mobile App Developer, or UI/U Designer, where I can contribute my creativity, technical knowledge, and problem-solving skills.
With additional experience in administrative support and technical assistance, I bring versatility and strong communication to any team.

PROFESSIONAL EXPERIENCE

Full-Stack Developer (Personal Project)   Real Estate Mobile Application – 2024

- Designed the app UI using Figma
- Developed the front-end in React Native
- Created REST APIs with Node.js and Express
- Implemented backend logic (user auth, listings, booking)
- Managed PostgreSQL database using Prisma ORM

UI/UX Designer – Academic Project Service Platform for Local Technicians – 2025

- Created high-fidelity mockups and user flow
- Designed intuitive interface with a mobile-first approach
- Collaborated with developers for implementation

IT Support Intern   Innovation SARL, Douala – June 2023 to Sept. 2023

- Assisted users with system usage and maintenance
- Installed basic software and performed system cleanups
- Helped implement a billing system (developer support tasks)

Administrative Assistant Intern
Cybercafé New Tech, Douala – July 2024 to Sept. 2024

- Front desk management and customer reception
- File handling, data entry, document archiving
- Supported reporting and administrative tasks

Office Assistant (Internship)   Brasseries du Cameroun – Jan. 2025 to Apr. 2025

- Entered delivery data and archived scanned files
- Prepared scanned documents for email sending
- Assisted with digital file classification
